

# Clinical Laboratory Testing Menu

Sanguine Biosciences provides in-home collection of minimally invasive biospecimens, including blood and blood-derived products. Below are over 40 diagnostic tests conducted in a CLIA-certified laboratory, but we can often accommodate other specific tests.

---

**ABO Grouping and Rho(D) Typing**

---

**AChR Abs with Reflex to MuSK**

---

**ANA by IFA Rfx Titer/Pattern**

---

**Anti-CCP Ab, IgG/IgA**

---

**Anti-dsDNA Antibodies**

---

**Anti-Ro (SS-A) Ab (RDL)**

---

**Anti-Sm Ab (RDL)**

---

**Antibody Screen**

---

**Antineutrophil Cytoplasmic Ab**

---

**BUN**

---

**C-Reactive Protein, Quant**

---

**CBC With Differential/Platelet**

---

**Chagas (T. cruzi) Ab**

---

**Chlamydia pneumoniae(IgG/M)**

---

**CMV IgG/Avidity w/Reflex to Avidity Index**

---

**CMV Total**

---

**Complement C3, Serum**

---

**Complement C4, Serum**

---

**EBV Antibody Profile**

---

**G-Group targeted NGS HLA Class I**

---

**G-Group targeted NGS HLA Class II**

---

**HBc Ab total with reflex**

---

**HBsAg with reflex**

---

---

**HBV Real-Time PCR, Quant**

---

**HCV Antibody w/Reflex to Quant PCR**

---

**Hemoglobin A1C**

---

**Hep B Core Ab, Tot**

---

**Hep Be Ag**

---

**Hep C Ab**

---

**HHV 6 IgG Antibodies**

---

**HIV 1/2 plus O Ab**

---

**HIV, HBV, HCV NAT**

---

**HLA genotypes + HLA-A\*02:01 status**

---

**HSV 1 and 2 Ab, IgG**

---

**HTLV-I/II Ab w/Reflex to Immunoblot**

---

**Immunoglobulin E, Total**

---

**Immunoglobulins A/G/M**

---

**Lipid Panel**

---

**Prot+CreatU (Random)**

---

**SARS-CoV-2 Ab, Nucleocapsid**

---

**Syphilis (T. pallidum) Ab**

---

**Thyrotropin Receptor Ab, Serum**

---

**Thyroxine (T4) Free, Direct**

---

**Urinalysis, Complete**

---

**WNV NAT**

---
